

FINITO

'GO ANYWHERE' CLEANER

- **Controlled concentration for guaranteed results**
- **Effectively removes industrial soils and grease**
- **Safe on all washable surfaces**

A ready-to-use cleaner that removes industrial soils and grease.

USES

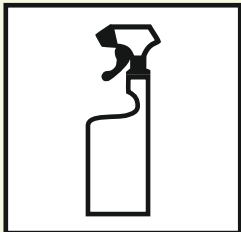

A controlled mixture of surfactants and emulsifiers in water, which rapidly wets the surface, emulsifies and disperses grease and general soils.

Suitable for use on painted surfaces, wood, stainless steel, aluminium, steel, wrought iron, copper, brass, bronze, galvanised surfaces, glass, marble, terrazzo, ceramics, porcelain, polyethylene, polypropylene, nylon, polycarbonate, rubber, epoxy resin and laminates.

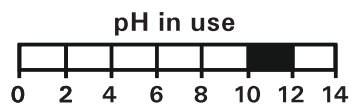

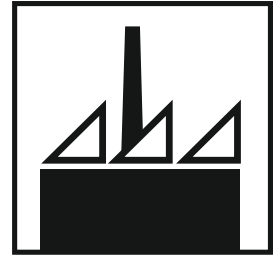

An ideal, versatile cleaner for all areas of industry and commerce, e.g. factories, warehouses, workshops, etc.

DIRECTIONS

Spray Finito onto the surface to be cleaned and work into the dirt, grease or oil before wiping or washing away.
